**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 16 and 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Church et al (4,914,868).

- Church et al discloses a system(as broadly recited by applicant) for lapping a head comprising: a lapping cable(70) coupled to a testing device, the lapping cable including a plurality of lapping cable contacts; and an adapter(at end of cable including terminals 72) including a plurality of adapter contracts(72) for electrical communication with the lapping cable contacts; wherein the adapter contacts are removably positionable in electrical communication with contacts on a wafer during a lapping process.

***Allowable Subject Matter***

3. Claims 1-9, and 14 are allowed.

***Conclusion***

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE**
